### **WINGER'S GRILL & BAR OPENS NEWEST LOCATION IN KAYSVILLE**

KAYSVILLE, Utah—Feb. 1, 2006—Winger's Grill and Bar, one of the nation's fastest growing restaurant franchises, celebrates the grand opening of its newest location in Kaysville, the company's owner David Murdock announced today.

The Kaysville location marks restaurant number 36 in the Winger's family. The newly built property, located at 260 W. 200 N., is an open-to-all ages facility that seats 40 people, and is one of the only sit-down restaurants in Kaysville, according to Murdock. This is the 23rd Winger's restaurant in Utah, the 35<sup>th</sup> location in the nation and 37<sup>th</sup> store overall.

"We are really excited about the opening of our new restaurant in Kaysville," said Murdock. "There's a great buzz in the community surrounding our grand opening, and we are confident that the new restaurant will be a hit among the many families and residents of Kaysville."

Winger's Grill & Bar offers a full-range menu, including made-to-order sandwiches, salads, burgers, desserts, beer on tap, and of course, Winger's world-famous wings and sticky fingers. Winger's signature Original Amazing Sauce can be purchased at any Winger's restaurant and can be shipped world-wide via special order.

The Slaymaker Group has been in the restaurant business for nearly 30 years, most recently as an award-winning franchisee for such national chains as Tony Roma's and T.G.I. Friday's. The Slaymaker Group opened the very first Winger's—The American Diner, in 1993. Since then, the restaurant chain has grown exponentially. Now their management team is making the Winger's concept available for development across the United States and the world via Winger's Franchising, Inc. Winger's restaurants currently span five states in the West and two U.S. military bases in Germany. For more information, visit [www.wingers.info](http://www.wingers.info).
